

# Love Life, Love Christ!

By Proverbs 31 Woman — Contributing Authors, PGAMO Online Bible College

---

We are women of faith that offer insight and encouragement from this ministry group. We all face difficult situations in life! We are better together as women of faith, striving to be like the Proverbs 31 woman!

We experience heartaches, suffering, struggles, pain, loss of loved ones, and various hardships. We can make a difference in our lives when we place it all in God's hands and receive His love and grace. We want to love, encourage, and build up each other in every opportunity to reveal God's grace, mercy, and strength to all those who call on Him.

We are not exempt from problems! We all face physical, mental, spiritual, and financial problems. There is no problem too big for God! We can have hope and faith in God that He will never forsake us! He gives us strength to come through our problems, victoriously through Him!

"God is our refuge and strength. A very present help in trouble" Psalm 46:1 (NIV).
